

# Technology Integration Lesson

## Plainville Community Schools

---

**LESSON TITLE:** Parts of a Plant

**GRADE:** Second

**OBJECTIVE:** Students will be able to label the parts of a plant.

**CURRICULUM CONNECTION:** 2.2 The life cycles of flowering plants include seed germination, growth, flowering, pollination and seed dispersal.

**MATERIALS:** Kidspiration template, computer, printer, SmartBoard if available to demonstrate

**PROCEDURE:** (Read to students)

1. Today we're going to use Kidspiration to label the parts of a plant.
2. Open your Second Grade share folder.
3. Open the Technology Templates folder.
4. Find the document that says Plant Parts. Double click on it.
5. We need to put our name on our paper. Look at the top. Let's read it together.
6. Double click in the middle of the word "by." Now click after the colon (two dots). Type your name.
7. Let's read the names of the four plant parts together.
8. Your job is to decide which plant part name goes with which part of the plant. Click on the plant part name and drag it next to the correct part of the plant.
9. Now let's print. Click on file, choose print. Click on the blue print button.

**EXTENSION:** Students write how each part of the plant helps it survive.

**EVALUATION:** Teacher observation or teacher correction of printed product.
